## Remote Infrastructure Management

**Client Context:**

- The client is a one of the trusted names in chemical manufacturing and was unable to meet business requirements because of disparate, heterogeneous IT infrastructure.
- The client needs to improve the reliability, availability and serviceability of its Data centers and also maximize predictability.

**TalentBeat Services:**

- TalentBeat took over the three data center — migrated and consolidated into a single third party facility on-time and on-budget with Zero service down time.
- TalentBeat implemented a single CA service desk ticketing tool across all units and Change & Release management within the IT organization.
- With our solution and ongoing support, the client achieved cost saving and reliability and eradicated Lack of transparency in pricing and service level commitment along with frequent failure of systems and Services.

**Benefits:**

- Enhanced productivity and Efficiency
- Cost saving
- Improved Services and operations
- Better management visibility of operations
